## LA CTF 2024

NAME	infinite loop
POINTS	165
FLAG	<code>lactf{l34king_4h3_f04mz_s3cr3tz}</code>

**DESCRIPTION:** I found this google form but I keep getting stuck in a loop! Can you leak to me the contents of form and the message at the end so I can get credit in my class for submitting? Thank you!

**SOLUTION:** Intercepted a request sending data to the server using burp to see the response. Having filtered the answer, I found parts of the flag and made a whole one out of them.
